## Unit 2 – Cascade & Inheritance

**Objectives:**

- ✓ The aim of this task is to help you check your understanding of some of the values and units that we looked at in the lesson on The Cascade and Inheritance.

**Project Structure**

- A project called **CSS-E.M.A201** (this will be your root folder) is provided to you
- Put your work for each problem in corresponding folder inside root folder

**Problem 1:**

In this problem, you need to use one of the special values we looked at in the Controlling inheritance section to write a declaration in a new rule that will reset the background color back to white, without using an actual color value.

Expected output:

- [One](#)

- [Two](#)

**-- THE END --**
